

BARROWS, BUZZELL AND MRS. NICHOLS NAMED FOR CIVIC PROGRESS AWARD BY BALDWIN CLUB

Herbert C Barrows, Attorney Philip B. Buzzell and Mrs. Esther Nichols have been named by the Baldwin Civic Association Inc. as the recipients of their first Civic Progress Award.

The three Wilmington residents will be honored (Barrows posthumously) by the first of a series of annual dinners, to be held in the Avco Research Center on Lowell Street on Friday, December 8th at 7 pm.

Tickets are now being sold by all members of the Baldwin Club.

Herbert Barrows, for over 65 years an official of the town, will probably be represented by Mrs Barrows at the dinner.

Town Counsel Philip Buzzell and retired Public Health and School Nurse Esther Nichols are people who have given unstintingly of their services to the town, and to the people of Wilmington.

KHRUSHCHEV BLUFFING SAYS MORSE

In a speech at the Avco Research Center, to the Wilmington Chamber of Commerce, Monday night, Congressman Brad Morse of Lowell (Fifth Dist. Mass.) declared that he did not believe that Khrushchev wanted war.

The Congressman, who was in Wilmington for the afternoon, declared that it was his conviction that Khrushchev did not plan war, but did not rule out the possibility of war.

He believes that, although Khrushchev is fully aware of the military and economic might of the United States, the Soviet Premier is convinced that he can achieve his purposes through political means, because of his under estimate of the will of America to resist communist expansion.

'Responsibility is the Key Ingredient of Freedom - the world is watching us' was the theme of the Congressman's remarks when he pointed out that Every American has a per-

sonal responsibility to make manifest to the world the determination of the American People to resist the expansion of Soviet tyranny and to achieve the whole and majestic purpose for which our nation was founded.

Questions

Morse, in the answer to one question, spoke up for the Foreign Aid program, saying it was a bi-partisan effort. 'I would hate to think what the map of the world would look like if it were not for the foreign aid program'

The Peace Corps is not a party issue, he declared. He quoted former Vice President Nixon 'not to judge (the Peace Corps) in 5 to 10 years, but in 50 or 75 years'.

Morse declared that he had not yet made up his mind about being a candidate for the U.S. Senate in 1962.

He stated that he considered himself more qualified than the probable Democratic candidate.

GAS STATION SURVEY BOARD BEING FORMED

A committee for the study of the Wilmington gasoline station situation is being formed. Chairman John Brooks, of the Board of Selectmen, visited the Planning Board Tuesday night, and told that board that the Town Counsel has told the Selectmen that they, as the Licensing Authority, have 'the last say' on new gas stations.

Bob Evans, and probably another Planning Board member, will be named to the Joint Committee, on which Mr Brooks will also serve.

BROOKS MAY PRESENT WILMINGTON'S 'CASE' FOR ALL-AMERICA AWARD

Selectman John Brooks may be the spokesman for Wilmington, before the All-America Cities Awards Jury, in Miami Beach, on December 1st.

Brooks has confirmed that he has given 'some serious thought' to going personally to the Florida City to present the 'case' for the Town of Wilmington.

One of twenty two towns or cities will be named by the Jury as the All-America City.

Brooks will have his decision made, he hopes, within a few days. He will, of course, have to get 'leave' from the Boston Daily Record, of which he is the City Editor, and to make other arrangements before leaving.

LODGE TO SPEAK NOV 21st

George Cabot Lodge, former Assistant Secretary of Labor for International Affairs, will speak at the Wilmington Skating Clubhouse on Chestnut Street, on Nov 21, at 8 p.m.

Mr. Lodge is presently on the faculty of the Harvard Business School as a lecturer in international economics.

Since Mr. Lodge has thrown his hat into the political arena, he has been making numerous speaking appearances throughout the commonwealth, and this meeting gives the people of Wilmington, their first opportunity to see and hear this new and dynamic personality.

While the meeting is being sponsored by the Republican Town Committee, all persons, regardless of party affiliation are urged to attend and will be most welcome.

COMMERCE PRESIDENT PRESENTS PROGRAM

A five point proposal for studies by the Wilmington Chamber of Commerce was outlined by President Robert Sumberg, at the dinner-meeting held in the Avco building Monday evening.

Sumberg, in his speech to the

membership, reported that the program drawn up for next year should include study on:

1. Business Development of Wilmington - to make the town a better place for private business:

VETERAN'S DAY PARADE BEST IN YEARS

The annual parade on Nov. 11, commemorating Veteran's Day was the best in years, according to all observers.

Over 500 persons were present to watch the parade, and ceremonies in the cemetery, in the Veteran's lot.

Led by the High School Band the parade included representative groups of the American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, and their Auxiliaries, each led by their Commander.

Taps was played by James Fairweather, Past Commander of Post 136, American Legion, and the echo by a member of the Wilmington High School Band.

After the parade the veterans had a light dinner for the band members, in Legion Hall.

Arrangements have been made by the Garden of Eden Country Club to purchase an additional two acres of land, adjacent to the golf course now being laid out, off Chestnut Street. The sale will be made next week.

The land is property of Frank Wehler (formerly the Denner property) and consists of land behind the Wehler home.

WHAT WOULD YOU DO??

When the late Charles E. Wilson of General Motors was appointed Secretary of Defense by President Eisenhower there was quite a bit of discussion about what Mr. Wilson should do with the General Motors stock and other such assets which he owned.

Mr. Wilson, if we recall correctly, wanted to put his General Motors assets into an escrow account over which he would have no control while he served as Secretary of Defense.

He wanted to occupy a position of Honor and Trust, in the United States Government, and still have his cake.

The United States Senate saw the problem in a different manner. They felt that if a person is to occupy a position of Honor and Trust he should be, like Caesar's Wife, beyond suspicion. They gave Wilson his choice - he could sell his General Motors assets and become Secretary of Defense, or he could forego the honor and keep his assets.

Now a Selectman of Wilmington has asked the same question, of the members of the Baldwin Civic Association Inc.

Without stating the alternative, he asked if he should give up a contract that was worth over \$50,000 a year.

The alternative was to resign his position of Trust and Honor, as Selectman of Wilmington.

If he had resigned, before August 17th "for business reasons" he would just have been another business man who was caught violating the town's by laws.

But he didn't. He wanted his cake, and the Honor and Trust that goes with a Selectman's office. He put himself in the same position as the Selectman who lied to the Town Meeting - that of equating Honor and Trust with Convenience.

Lies, even Little White Fibs, do not equate with Honor and Trust of Public Office.

Nor do deliberate violations of law.

JUST COMMENTS

That meeting at the Baldwin Civic Club last week is worthy of a few more comments. It is, of course, impossible to cover 100% of the story and still report other events. We only wish we could.

young lady who is the current correspondent had had no stories in for several days, nor were there any in afterwards for several days. She may be ill, or on vacation, we don't know.

The story related what the Selectmen said, briefly. It ended "Mr Neilson, who was invited by the board to attend this open meeting, did not appear to engage in the discussion or explain statements he had made earlier".

As far as The Town Crier knows, Mr. Neilson was not invited, either by the Board of Selectmen or the Board of Directors of the Baldwin Civic Association.

The meeting was one in which the Selectmen were to answer written questions. There was no advance publicity of which we were aware that there would be oral discussions, or statements by the Town Crier publisher.

We attended with a firm resolve to abide by the rules - and that was what we did.

The Lowell Sun Story not only has the earmarks of being (1) wishful thinking, and (2) written in the Town Hall, but is also not the only story that has appeared in that paper with those same characteristics.

We refer specifically to the one where the TM "saved" an industry. We have never commented on it for one reason - we wish to save embarrassment to private individuals.

Thank God

Our TM again took up the Thank God story, with a lengthy explanation of how he meant he was happy that Messrs Beers and Gillis had been on the Planning Board.

So - Let us repeat - The Town Manager said Thank God, without any explanation, when Gillis and Beers resigned. The Selectmen have tried to get us to reveal the name of the person to whom those two words were made, but, because it will again give embarrassment to a private individual, we will not. Under certain circumstances we will, of course.

Not only did he say this to the person whose name we are protecting, but about the same time

Tough Cough Medicine

Frankie Johnson, the boy who took Oil of Wintergreen instead of cough medicine, and spent a week in the hospital as a result, is back in school. His cough has completely disappeared.

BZ Slow

The speech of Brad Morse was shown on "BZ, Tuesday.

Originally scheduled for 11pm Monday, it had all the members of the Wilmington Chamber of Commerce sitting groggy-eyed by their TV sets, and didn't get shown anyway.

It came on, we are told, at 2 am., and again at 9 am.

The Reason Why

Chief of Police Paul Lynch broke down the other day and confessed to Congressman Brad Morse (a Republican) as to the real reason that he, Paul, was a Democrat.

It was not because his folks were Democrats, or because his brother-in-law Dave Powers is a confidential of President Kennedy!

It was because once upon a time Ralph Currier (a Republican) who was at that time Town Clerk of Wilmington offered Paul \$19 to be a Democrat.

And, Paul confesses, he sold his soul or something, because it was during the depression and Nineteen Bucks was Big Money!

Paul was down watching the voting, and the Town Clerk needed another Registered Democrat, as a Ballot Counter.

The job paid, as we say, \$19 and Paul jumped. He enrolled his name in the Demmy list, and it has been there ever since!

Birthday Cake

e had been guessing that it was Mary Denault who thought up the joke, but we are assured that it was some other person. Mary is the TM's private secretary, and has enough fun and devilry within her person to do a thing such as was done to the TM.

Sombody, for the TM's birthday, sent him two cakes, each shaped like logs, with bumps on them.

The TM invited some friends to share in the cutting - and -- you guessed it -- the first one he cut into was a log!

It was all neatly covered with frosting, quite a masterpiece of the culinary art.

But, says Cecil, the second one was for real.

Woodn't you know?

FORECAST BUILDING'S BEST YEAR

By Robert E Stewart, President Mechanics Savings Bank

Construction of various kinds will amount to over \$600 billion for the first time in history, says Architectural Forum about final prospects for 1961. The total includes motels, hotels and dormitories in the residential category. These three classifications alone are expected to increase the most in volume, approximately 25.9 per cent. Apartment construction, another residential factor, will also register a considerable gain, of around 16.4 percent. Homes for one and two-families are also expected to show gains of 2.5 percent compared with a year ago.

The magazine states that construction costs have remained steady thus far this year, but the publication expects a 1.5 increase over the 12-month period of 1961, with double that or 3% increase in 1962. The annual forecast at this time of year is a regular feature of Architectural Forum.

to another person, outside of the town hall, he said words to the effect of: Small Loss to the Town, again referring to Gillis and Beers.

The TM accused this paper of misleading its readers with regard to the sewer situation.

If we did, and perhaps it is so, we apologize, right here and now. We try not to make misleading statements, but we do make errors and we will always recognize them.

A third item our TM discussed was the attitude of the Town Crier towards industrial growth.

Our attitude is simple - we are for helping the taxpayers. We want industry here. At the same time we want to examine the pros and cons and are not in favor of "under the table" arrangements.

We are critical of the Town Manager for the time he sat like a bump on the log, in Town Meeting, and allowed \$750,000 in taxable property to go out of the window.

The TM was getting about \$10,000 a year. He has an engineering department that costs as much. No one - either TM or Engineers, thought of looking over the proposed site and giving the town a factual report.

It cost the taxpayers of Wilmington nearly one buck on the tax rate, for that lack of action - and imagination.

One curious statement that was made, by an honorable Selectman, was that there have only been eight executive meetings in the past year, most of them only five minutes long. He had, he assured his listeners, spent some hours in checking the records.

We accept his word that the records show only eight executive meetings.

We also remember that the Selectmen met nearly every other week for some time, in sessions to which the public was not allowed, while they prepared the budget for this year's town meeting.

HATHAWAY ACRES GRAVEL HEARING

Half a dozen Hathaway Acres residents were present, in the Town Hall, Tuesday night, for a hearing before the Board of Appeals on the petition of A P Rounds to remove gravel from a proposed extension of the area. They were present not to oppose, but to see what the proposals would be.

Rounds told the Appeal Board that he has to remove gravel from a 20 foot high knoll which runs across the property and proposed streets. 'I have gravel to spare' he said.

The case was taken under advisement.

NORTH WILMINGTON PHARMACY

This was the budget in which the Town Crier found one error that amounted to \$17 or \$18 thousand dollars.

We will accept the Selectmen's word - and we wonder who won the pinochle game.

And also the pinochle game that was played by Selectmen and Town Manager on Oct 27, 1961 in a session that lasted several hours.

Mr De Felice cited that this paper had requested an executive session, some years ago, when Lancaster was being discussed as a possible Town Manager.

We most certainly did. We had information which we felt the Selectmen should know, and we didn't want to give any embarrassment to a private individual. But we felt that the Selectmen were entitled to any knowledge that any private individual may have had.

Which brings up another point.

It was popularly understood that the TM was getting \$8,000 a year in his last position, when he came here at a salary of about \$9240.

In the annual meeting, last March, Mr De Felice, then Chairman of Selectmen, told the Town Meeting that the TM took a cut in pay to come to Wilmington.

Was the impression wrong - or was Mr De Felice telling a Little White Fib?

A WILMINGTON NUN
The Rev. Mother Mary Donitilla, of St. Mary's Convent, in Melrose, is a Wilmington girl who left here in 1911. She is the former Therese Doucette, daughter of the late Joseph Doucette of Middlesex Ave. No. Wilmington.
With her is her cousin, Mrs Rose Cavanaugh.

FATHER CROKE AND FRIENDS
The St. Thomas Vocation Day, Sunday, brought to Wilmington a group of Nuns from St. Mary's Convent in Melrose who had taught Sunday School there with the Rev. Edmund Croke, and thus gave the group a reunion.
L to R: Mother Mary Liguori, Father Croke, Mother Mary St Jude, Rev. Mother Mary Domitilla, Mother Mary Cabrini and Mother Mary Kostka.

AUGUSTINIAN FATHER AND FRIENDS
The Rev. Joseph Duffy of the Augustinian Fathers (the organization which founded the church of St Thomas of Villanova), was one of the twenty three different orders at St. Thomas Sunday. With him are the Misses Michele Brazell and Barbara McLain, both of Middlesex Ave.

Chamber of Commerce (Fr FR Pg)

2. The Chamber, he said, should have a study of the Zoning in Wilmington, with an idea of possible improvements.
3. A study should be made of the laws controlling signs in Wilmington, likewise with an idea of possible improvements.
4. He proposed that a pamphlet be prepared about the town, by the Chamber, such as is done by Chambers of Commerce in other municipalities.
5. Last but not least, the President proposed that a study of parking facilities in Wilmington should be made. Pointing to the fact that his own company was expanding its facilities, he felt that better parking, in Wilmington, would be better for business in general, and for the people of Wilmington.

In addition to these problems President Sumberg said that some thought should be given to the problem of a hospital in Wilmington. He termed it a 'problem that has not yet really been considered'.

Christmas Lighting

The Wilmington Chamber of Commerce has spent over \$1000 for Christmas lighting, this year, in the Square, at Silver Lake, and at North Wilmington Center.

Business Meeting

In the business meeting it was voted to increase the Board of Directors from 15 to 18, and to decrease the number of members in the Nominating Committee from 5 to 3.

The names of the Nominating Committee, who will present a slate of officers for next year's voting, will be announced on Nov. 30th.

SCHOOL CLOSURES WEDNESDAY NOON

The Wilmington Public Schools will close Wednesday noon, for the Thanksgiving Holiday.

RE-HEARING DENIED

A re-hearing of a Board of Appeals case of some weeks ago has been denied to Eddie McDevitt of Chestnut Street.

McDevitt appeared before the Planning Board and requested a second hearing on land he has purchased, between Taft and Roosevelt Roads. Just prior to his purchase the Board of Appeals had denied a petition to divide the lot into two house lots.

The petition was denied because the law provides that an unanimous vote is necessary to approve a second hearing, before two years. The vote was not unanimous.

LETTERS

Dear Sir:

As a former librarian, a frequent library-user, and a former member of the Wilmington Board of Library Trustees, I was astounded to hear the answer of Selectman Chairman Brooks, at a recent meeting, to a question regarding the library. The question posed was: Are there any plans on the town books for a new library?

Mr Brooks was very polite and very serious when he answered that we could dream of a new public library and a new town hall, couldn't we.

The attitude of town officials plus public apathy often determine the status of a town department, and for some time the public library in Wilmington has ranked below the cemetery and public parks.

Properly a library ranks right below the schools as its type of public service is edu-

cational. I was appointed a trustee by the first town manager and resigned last year. During this time no selectman ever attended a Library Board meeting, and although each Town Manager was invited to various meetings, only one, Mr Calabrese, attended a meeting. I am sure that he went away from this meeting with a better knowledge of the workings of public library service and the immediate problems of the Wilmington library than he had before he came!

The public apathy I mentioned above did exist for many years. It does not now. Go to the library any evening; you will find the little building crowded. So far this year seven thousand more books have been taken out for use than were last year. The public is using the library; it wants to know when the new building is coming. Mr. Brooks' only reason for 'dreaming of a new library' was the condition of Wilmington finances! Well, we can always

find the money for a new school and a new Public Works garage and a new Police station! I notice that the 1960 Town Report lists under its 'future plans' new Town Hall facilities. Money for all this but none for a Public Library! Why?

I feel sure the financial problem can be solved if the people of Wilmington want a good sized, well-equipped library, and the town officials recognize this want and get behind it.

Sincerely,
Evelyn M. Norton

Selectman Brooks also made the suggestion that it might be possible to have branch libraries in each of the three intermediate schools, one of which is now being constructed on Salem Street

Dear Sir:

I read with interest Mr Webster's letter in the Nov 9 issue of the Town Crier and I

would like to comment on it since I too was at the showing of Operation Abolition, sponsored by the JayCees at the High School last month.

Interestingly enough Mr Webster suggests that the emotional element of the program weakened it. Yet Mr Webster himself purposely attempts to inject an emotional tone into his own remarks by trying to draw a relationship between the film showing and the fact that he bought a copy of the Blue Book of the John Birch Society at the program, relying on the recent smear campaign directed against the Society to work in his behalf. Mr Webster tried to suggest that the program was merely a front organization of the John Birch Society, yet he failed to mention the fact that this same film has been shown the length and breadth of our republic by a great many civic groups, veterans groups, and church groups, completely independently of any showings that may have been sponsored by the John Birch Society. Is Mr Webster aware of the fact that the communists have continually attacked the film in The Worker?

I cannot help but hold the opinion that Mr Webster tried to create a straw man just so he could knock it down. And if he really wanted to do that, he could have built a better case for linking the showing of Operation Abolition to the FBI because of the many references during the program to J Edgar Hoover's book Masters of Deceit, and the pamphlet he wrote entitled Communist Target--Youth, which contains clips from the film and verifies what the film portrays. Maybe the two men are undercover agents!

Finally, since Mr Webster alludes to the Blue Book, I challenge him to point out one error in fact in it. And if anybody really wants to know what the book says, all they have to do is send two dollars to The John Birch Society, Belmont 78, Mass and ask for a copy. (They will send anybody a copy of their brochure for free!)

Thank you for your time, (and space, I hope.)

Sincerely,
Bill Dunham

Dear Sir:

As a loyal patriotic American (I feel I have to declare that after reading one of the reader's statements in your paper) I wish to congratulate the Junior Chamber of Commerce for the revealing and enlightening program 'Operation Abolition' recently presented at the Wilmington High School.

It is without question a controversial film because the Communist Party-USA wishes it so! As J Edgar Hoover, Director of the FBI states 'The successful Communist exploitation and manipulation of youth and student groups throughout the world today are a major challenge which the free world must meet and defeat'.

'Recent world events clearly reveal that world communism has launched a massive campaign to capture and maneuver youth and student groups'.

The above statement by Hoover was clearly and emphatically proclaimed during the communist led student rioting against the House Committee on Un-American Activities.

The film Operation Abolition unequivocally proves the statement by Mr Hoover. If this be true, why the controversy?

Simply, because the communists know it is true but are afraid the American public might wake up before it is too late. Therefore they are doing everything in their power to discredit the film.

I do not mean to imply in any way that anyone who disagrees with the merits of this film is a communist or communist dupe etc. but I do mean to imply that they are uninformed of the very real communist conspiracy prevalent in our

country today.

If this film achieves nothing more than to make even one or two people begin to ask questions and read the wealth of material available both from the US Government Printing Offices and Freedom Projects on the subject of widespread communism in our own country, then it has accomplished its purpose.

I too, sat through the program and since I had an open mind did not feel anyone was pointing a finger of suspicion at me, or anyone else in the room. I feel that the speakers welcomed questions including the questions which were not questions but argumentative statements! The speakers did not cut the question and answer period. Just for the record, Mr Reader, ask the program director if it was not he who looked at the clock and decided the meeting should come to an end.

I believe this reader is doing the very thing he denied the film was doing by assuming and insinuating he is trying to discredit without proven fact.

The speakers were identified as belonging to Freedom Projects and I made a special effort to find out directly after the program, in the lobby, who sponsored Freedom Projects and was told it was an American Legion Project.

Mr Reader, now would you like to discredit the American Legion because they saw fit to use some of the John Birch reading material along with Government printings and Mr J. Edgar Hoover's statements?

Thank you for your time.

Respectfully,
W. C. Husen
75 Glen Road

Dear Ed:

After reading with some interest your account of the last meeting of the Baldwin Civic Association, I prefer to throw in my two cent's worth; or is it a private fight?

I have memories, years ago, of being called before the 'Kangaroo Jury' as I called it at the time, for having signed a petition, which would allow people to vote on the pros and cons of Town Managership.

Even though Mr DeFelice would not know me if he met me in his oatmeal, I can sympathize with him, especially if he was not aware of the Associates bringing in their own lawyer. If he (Mr DF) had a chance to obtain counsel of his own, the thing would have been better carried off.

We are not living in a Satellite country, but just as surely, Mr DeFelice has been 'Tried by the People', and found guilty, according to your paper, and even if he can't be taken before a firing squad, he can be declared 'dead' should he ever seek office in this town again.

That was the purpose of the whole thing, wasn't it?

Faithfully yours,
Beatrice McCormack

As we understood it, all questions were to be submitted in writing. After the stock of written questions was exhausted Atty Wood requested permission of the chairman to ask questions of Mr De Felice. The chairman did not want to give permission, but De Felice spoke up to say he would be glad to answer questions - he wanted to talk on the subject.

WILMINGTON TAKES LYNNFIELD IN STRIDE - 14 - 8

MAJOR UPSET

Wilmington's High School football team added to its glory last Saturday, as it outplayed outfought and outscored a favored Lynnfield team, 14 to 8. Wilmington thereby lengthened its undefeated string to eight games, and further inflicted upon Lynnfield its first defeat in 17 games against C and D teams. (Leominster, the only team to defeat Lynnfield in two years is in Class B).

It was the Wilmington line which deserves the credit, for outstanding play, both offensively and defensively. The formidable Wilmington linesmen continually jammed the Lynnfield offense, and twice held within 10 yards of its own 10 yard line.

Offensively, the Wilmington line opened the holes in Lynnfield to give the backs running room.

Quarterback Dick Allard opened the scoring for Wilmington in the first quarter on a quarterback sneak from the one-yard line. He was assisted in the touchdown on the fine offensive play by Center Jon Fairfield and Guard Al Hall.

The key defensive play of the game was turned in by Guard Dave Fuller, who singlehandedly stopped a Beradino touchdown at the one yard line as the half ended, the score Wilmington 6, Lynnfield 0.

The steady running efforts of Halfback Jack Bowen, coupled with fine offensive line play, set up Wilmington's final and second touchdown.

Midway in the third quarter Bowen reeled off of right end at the Lynnfield 45 and was not brought down until he reached the 4 yard line. It was Beradino who brought down

Bowen, and only Beradino could do it.

Justice was not be denied, as two plays later Bowen carried over for the second tally. An Allard to Fields pass was good for two points, and Wilmington led 14 to 0.

Lynnfield's Di Bella's outstanding running efforts accounted for its only touchdown. Di Bella almost singlehandedly sustained a Lynnfield drive from the Wilmington 45 and finally scored on a off-guard run from the six. Again Di Bella, fanning off tackle this time, scored the two points after the touchdown, making it Wilmington 14 and Lynnfield 8 as the third quarter ended.

Under the steady quarterbacking of Dickie Allard, Wilmington marched up the field, for several first downs in the last quarter, some of them only by inches. It was fine football, designed to keep the game going long enough to clinch a well earned victory.

In the last few moments of the game Lynnfield again got down to their 13 yard line, and Beradino attempted a run around right end, only to be jumped by the Wilmington line.

The referee's whistle had stopped the play, and Wilmington's players were relaxing when Beradino struggled free, to cross the goal line, for what some Lynnfield fans believed to be the tying points.

But the play was not allowed, and a display of temper by Beradino drew a penalty of 15 yards.

Lynnfield was still trying as the final whistle blew, as Fields intercepted a forward pass, to end the game.

Final score Wilmington 14, Lynnfield 8.

DI BELLA GETS A RIDE

Quarterback Allard carried Di Bella over a yard, in this tackle, made in the last quarter. Racing in is Frank Munroe (24) who seems to have left his right arm at home.

DI BELLA MEETS THE OLD SPOILER

And a rough introduction it was, as Capt. Eddie Woods landed on top of Lynnfield's fullback while Kevin Field (arm and leg visible) tackled from below. Lynnfield's Beradino vainly threw a body block to stop Woods.

This play was the one that followed Allard's carry, and the picture is one of the very few ever taken of Woods in action, because he is generally at the bottom of the pile.

'IT WASN'T FAIR!'

Protests from the Lynnfield Coach fall on deaf ears at the end of the game, as Doctor Fagan watches for signs of apoplexy.

JVS AND FROSH PLAY THIS WEEKEND

The Wilmington JV Football Team will play the Tewksbury JVs at Wilmington, Friday afternoon, and the Wilmington Freshmen will play the Burlington Freshman, at Wilmington Saturday morning.
